

SERGEI GRIGOREV

Boden, Sweden | 13.12.2000 | +46 732302675 | sergeigrigorev.net@gmail.com | sergeigrigorev.com

Technical Designer / Gameplay Programmer. Uppsala University alum with a Bachelor's in Game Design. Co-founder of The Notlanders. Experienced in developing games using Unity and Unreal Engine.

EXPERIENCE

Indie Developer | Co-Founder | The Notlanders

Jan 2024 – Present (Boden, Sweden)

- Worked on a commercial game in Unity for 2+ years as the sole programmer and co-designer.
- Authored and maintained a codebase of 15K+ lines of C# and 3K+ lines of HLSL shader code.
- Co-designed core gameplay and helped define the game's visual style as a technical artist.

AI Programmer | Internship | Envar Studio

Nov 2022 – Jan 2023 (Stockholm, Sweden)

- Contributed to a vertical slice in-house demo of Witchspire, built with Unreal Engine 5.
- Designed and implemented enemy AI, translating ideas into playable gameplay experiences.
- Letter of recommendation available upon request.

EDUCATION

Game Programming | Higher Vocational Education Diploma | Futuregames

Sep 2023 – Dec 2025 (Boden, Sweden)

- Gave peer-to-peer lectures on computer architecture.
- Volunteered to provide additional mentorship to underachieving students.

Game Design and Programming | Bachelor's Degree | Uppsala University

Sep 2020 – Jun 2023 (Visby, Sweden)

- Organized and led a tea club to foster social connection after the pandemic.

SKILLS

- **Programming Languages:** proficient in C# and C++.
- **Game Engines:** proficient in Unity and Unreal Engine 5.
- **Version Control:** working knowledge of Git, Perforce, Plastic SCM.
- **Project Management:** familiar with Agile frameworks, e.g. SCRUM and Kanban.
- **Languages:** fluent in English, native Russian speaker.

EXTRA

- I was a Minecraft server administrator for 3+ years.
- My portfolio website is built by me, using plain HTML and CSS.
