

SERGEI GRIGOREV

Boden, Sweden | 13.12.2000 | +46 732302675 | sergeigrigorev.net@gmail.com | sergeigrigorev.com

Gameplay Programmer / Technical Designer. Uppsala University alum with a Bachelor's in Game Design. Co-founder of The Notlanders. Experience developing games using Unity and Unreal Engine.

EXPERIENCE

Mentor | Futuregames

Jan 2026 – Present (Boden, Sweden)

- Mentored 40 game programming students across two different sites (Boden and Warsaw).
- Provided support and feedback on assignments and game projects, graded assignments.
- Communicated student progress, risks, and feedback to teaching and administrative staff.
- References available upon request.

Indie Developer | Co-Founder | The Notlanders

Jan 2024 – Present (Boden, Sweden)

- Worked on a commercial game in Unity for 2 years as the sole programmer and co-designer.
- Developed gameplay systems and editor tools in C#, authored a codebase of 16k+ LOC.
- As a technical designer, helped design core gameplay, NPCs, quests, and environments.
- Helped define the game's visual style as a technical artist, developed stylized shaders in HLSL.

AI Programmer | Internship | Envar Studio

Nov 2022 – Jan 2023 (Stockholm, Sweden)

- Contributed to a vertical slice in-house demo of Witchspire, built with Unreal Engine 5.
- Designed and implemented enemy AI, translating ideas into playable gameplay experiences.
- Letter of recommendation available upon request.
